## CHIT CHAT about this 'n' that with Elepai'o

\*The 5:30 show is something I'll have to get used to-sort of a grandiose Kodak Hula Show. How about having stage hands wear black clothing so they won't be too conspicuous...and maybe a smoke screen instead of a water curtain between sections.

\*will there actually be a 3,000 seat theatre or is it a rumor?

\*I heard that the Bowling League is warming up for a striking good time this season. Come on down to the BYU-HC Bowling Alley every Friday night at 7:15 p.m. and join the fun!

\*have you heard about the burglaries in Laie? Let's do something about it by looking out for each other and reporting suspicious activities in our neighbor's property. If there's something to report you should call the Kaneohe Police at 247-2166 immediately.

## **DID YOU KNOW...?**

Effective January 1, 1975 all employees working 20 hours or more per week must be covered under a qualified health care plan. This state law requires employers to make available a medical insurance plan to all employees who qualify. If you are a BYU-H student be sure to enroll on the school plan. If you are a non-student and not covered for insurance you may enroll at the Personnel Office. Whatever you decide to do regarding health insurance you must notify the Personnel Office and by completing the "Employee Notification to Employer".

This is tax time and you can pick up your tax statements at the Payroll Office. If you lose it a \$1.00 fee will be charged for a duplicate. Deadline for filing is April 15, 1975.

Aliens including anyone on a visa and those with permanent residence cards must report their address to the U.S. Immigration Department. Forms are available from the Personnel Office. Students should pick up their forms at Brigham Young University.

## **ACCOUNTABILITY**

The word accountability is the key to the purpose of the PCC Business Office function. The Business Office is charged with the responsibility of controlling and monitoring all activities that the Center offers. to

The Centers progress is based upon history and depending on how the Business Office handles this great responsibility of accountability, progress is either hindered or moves forward.

We can liken this to ourselves. We are accountable to our Father in Heaven about our history (our everyday life). How we use our history to better ourselves we are accountable for and our eternal regards and progress are based on our decisions.

Decisions have to be made everyday and we are all accountable for those decisions. History is always a good base to make a decision from, but if its not accurate its not much good.

The Business Office would like to challenge everyone at the Center to keep an accurate record of that which your duty requires. The way you handle this responsibility will be your accountability.
